

COVID-19 Vaccination Campaign Daily Coverage Report

Department of Health Services, Ministry of Health and Population, Government of Nepal

19 July 2021

(04 Shrawan 2078, BS)

Second and Third Priority Group

Government of Nepal aims to reduce transmission and mortality by COVID-19 through vaccination to its citizens as per the availability of vaccines through different phases and starting from highest risk groups.

Highlights

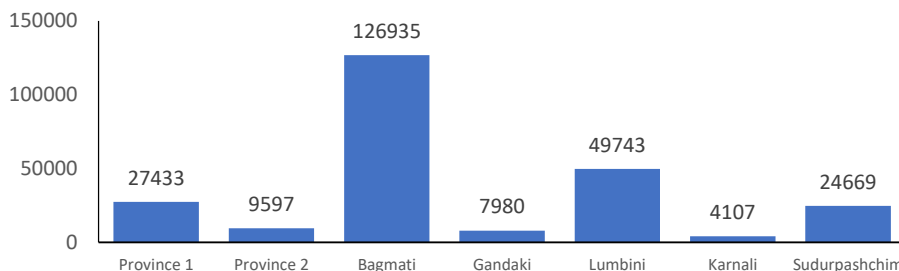

- COVID-19 vaccination campaign for the first dose of SARS-CoV-2 Vaccine (Vero Cell) started for ≥55 years and above age group conducted from 13 July 2021. Campaign has been conducted currently in three Provinces (Bagmati, Gandaki and Lumbini) and will be expanded in other Provinces soon.
- Similarly, COVID-19 vaccination campaign for Janssen vaccine (single dose vaccine), Johnson & Johnson started from 19 July 2021.
- SARS-CoV-2 Vaccine (Vero Cell) vaccination campaign was conducted through 681 vaccination centers in 36 districts. Similarly, Janssen vaccination was conducted through 95 vaccination centers.
- Family Welfare Division and Health Offices have instructed beneficiaries and service providers to take part in campaign by maintaining adequate physical distance (2 meters), proper hand hygiene and use of masks.
